●●● Nature as Our Muse.

Nature offers a **unique palette of timeless elegance.**

We capture these organic elements, reinterpreting them into premium quartz surfaces that define contemporary spaces.

Discover a world where natural beauty is preserved in stone.

●●● **Belenco**
: The Standard of Modern Surfaces.

We bring the spirit of the cosmos into your home.

We bring the raw power of natural elements into the built environment. By refining the essence of quartz, we engineer high-performance surfaces designed for the most demanding architectural projects.

Experience enduring quality that redefines functional excellence.

●●● Beyond Boundaries.

From kitchens and bathrooms to floors and facades, we transform surfaces into immersive environments.

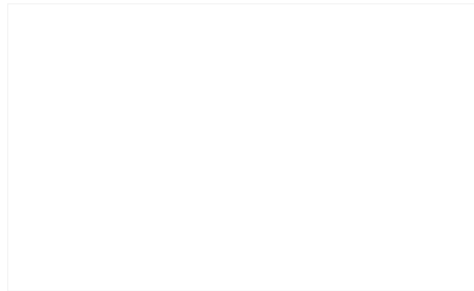

Our designs push the limits of traditional living, turning every interior into an open horizon.

Where architectural precision meets **limitless inspiration.**

The Soul of Purity.

More than just a color, Belenco Pure is a sensory experience.

Its flawless white surface brings a sense of serenity to any space. Inspired by untouched natural horizons and the elegance of classic marble, it creates a unique play of light. Discover a premium quality that defines timeless perfection.

The Art of the Vein

The rhythmic flow of nature finds its most artistic expression in the Belenco Vein Collection.

Capturing the organic movement of natural stone, these intricate patterns create a sense of depth and luxury that transforms any surface into a living canvas. Each vein tells a story of elegance, weaving through the quartz to bring a sophisticated pulse to your interior design.

Whether bold and dramatic or soft and subtle, our vein patterns offer a timeless aesthetic that bridges the gap between raw nature and modern refinement. Let the graceful lines of the earth redefine the elegance of your home.

Edge Profiles

Workmanship and applications of front edge profiles of benches and countertops are carried out by authorized workshops. Types of edge profiles applied may vary depending on the machinery and equipment pool of relevant shop. Therefore, a comprehensive discussion and agreement with the workshop must be ensured in advance.

Belenco® PRODUCTION | Design, Technology and Quality.

Belenco Quartz Surfaces consist of over 90% natural quartz, one of the hardest minerals on earth with a 7 Mohs hardness rating. This high mineral content provides **exceptional durability** against scratches and corrosion, ensuring your surfaces remain as flawless as the first day for years to come. Thanks to its advanced nonporous structure, Belenco is **highly resistant to stains** from everyday items like coffee, wine, and lemon.

This hygienic and chemical-resistant **surface requires minimal maintenance**, offering **extraordinary performance** for countertops, floors, and walls. **With state-of-the-art technology**, we deliver a strong and sophisticated material that perfectly suits any modern space.
